## Sales Tax Hike May Finance Civic Center

### Mrs. Zahn Not Happy With Council

The battle of Albany's proposed civic center site continued today between Councilwoman Mrs. Kathie Zahn and the City Council.

The spirited Councilwoman took time off from circulating her referendum petition Monday night to unleash on hour-long verbal attack against the Council's plans to build a new civic center on property at Solano and Evelyn Aves.

Mrs. Zahn is currently circulating a petition in an effort to force the civic center issue on the next April ballot. And if she is successful with her referendum action, the Council has indicated that it will call a special election immediately rather than wait until April 13 rolls around.

Mrs. Zahn charged at the Monday night meeting, among other things, that her colleagues were "threatening the people" by holding a special election over their heads.

Mrs. Zahn charged that "deliberate misstatements were made" in the three-page letter mailed to nearly all homeowners under the signature of Mayor Lewis Howell and the three Councilmen. The communication contained a diagram of the proposed location and explained plans and warned that petitions being circulated—by Mrs. Zahn—to force the issue on the ballot would result "in needless expense and effort."

Mrs. Zahn repeatedly warned that money is scarce in Albany, that many people are living on small pensions and fixed incomes, and that an eventual increase in the city tax rate would be inevitable to pay for the "fancy buildings" with all the "frills."

"You should build where and when you can afford it," declared Mrs. Zahn. "The present City Hall looks pretty good and could be used at least a few more years," she said.

Referring to a statement in the Councilmen's letter that the City Hall, "built 38 years ago for 1500 people would be inadequate in serving a city whose population is now 12 times that number," she charged: "Whoever gave you those facts misinformed you."

"This City Hall, this very chamber we are sitting in tonight, was completely razed in 1934 and a whole new building, including additions and the second floor was put up then." She added that the second floor of the present City Hall, now being used by the Civil Defense unit, could be utilized by another city department.

She said she wasn't so sure that the Police Department and jail were inadequate, but admitted that the Fire House needed replacing.

Regarding the Council calling a special election, Mrs. Zahn said

### Cornell PTA to Hold Christmas Bazaar Sat.

Of special interest to Christmas shoppers will be the various booths featuring beautifully wrapped gift boxes, hand made dish towels, aprons, doll clothes, stuffed toys and other needlework Saturday when Cornell PTA holds its annual Christmas Bazaar.

The benefit event will be held in the school cafeteria from 9 a.m. to 4 p.m., according to Mrs. Franklin Henry, general chairman.

"Alonso the Magician" will present a series of magic shows beginning at 11 a.m. and continuing hourly throughout the afternoon. This show promises something different at every show and designed to delight everyone from six to 60.

A highlight of the bazaar will be a hot lunch served from 11:30 a.m. to 1:30 p.m. A committee from the dads club will assist Principal Milton Gordon in supervising games in the school auditorium.

that it would not be mandatory "since the next general election is April 13 and there is nothing that would prevent you from putting it on the ballot at that time."

Mayor Howell cut in long enough to explain that the property the city would buy for the civic center from the Albany Eagles would have to be purchased or "we may lose the whole thing."

He said the Eagles had an option on another piece of land for a building of their own, but their negotiations depended on whether the city buys the lots on Solano Ave. Howell said the city had a 60-day option on the Eagle property.

### Mayor Says Firehouse Needed Now

The Albany City Council today is considering a boost in the city's one-half cent sales tax as a means to finance the proposed civic center.

The measure was proposed by Mayor Lewis Howell, who explained that the present half-cent could be doubled, with the additional revenue earmarked specifically for construction of a new firehouse. He said that it might not be possible to replace the present City Hall for about five years, but cautioned that a firehouse is needed now.

Howell said that the half-cent tax brought an estimated \$50,000 into the city treasury last year and predicted that the additional half-cent would increase the building fund some \$20,000 during the first half of 1954.

The Mayor said the Council would definitely take action to investigate the tax if the referendum now being circulated by Councilwoman Mrs. Kathie Zahn is successful, and if a special election that would be called in that event, indicated popular acceptance of the proposed civic center site at Solano and Evelyn Aves.

Mrs. Zahn reported that "I have never seen anything to equal the response to my referendum. 'I don't have to talk a bit, they just sign.' The Councilwoman said, she was 'superstitious about revealing the number of signatures she has on the petition to date.'"

### GO TO CHURCH SUNDAY

This is a True Case History:

**I SAVED  
\$116.86  
ON THE CAR  
I BOUGHT**

"I made over a 50% down payment  
on a late-model car. I was told it  
would cost me \$257.50 to insure the  
car and finance the balance of  
\$700.00. Lucky for me I'd talked to  
a State Farm agent first, because I  
used the Bank Plan instead and  
paid an insurance and financing  
charge of only \$140.74. I saved  
\$116.86." (One of many actual cases.)

Many People Assume  
Finance Rates Are Standard  
THEY ARE NOT!

The Bank Plan offers you two proven money-  
saving methods. Low-cost financing through a  
nearby bank and low-cost preferred-risk insur-  
ance rates. Get your own figures on the cost  
of the car you want and COMPARE them  
with Bank Plan costs FIRST! Call or see  
your State Farm agent BEFORE you buy.
